

UNIVERSITY of GUYANA

Power Your Potential @ UG

60 YEARS, 60,000 REASONS TO CELEBRATE

PhD/MPhil of Biodiversity

Apply Now

The University of Guyana School of Graduate Studies and Research (UGSGSR) welcomes applications for the unique PhD/MPhil Programme in Biodiversity (UG's Interdisciplinary Interfaculty Research Doctorate), which is managed by the UGSGSR and the PhD Management Committee. SRMS applications are administered by UG's Department of Environmental Studies, Faculty of Earth and Environmental Sciences: Doctor of Philosophy (Biodiversity) [PhD] (0791). English Language for International Students is administered by UG's Department of Languages, Faculty of Education and Humanities.

FEATURES

ON-SITE RESEARCH

Our on-site research opportunities are designed to give you the freedom to explore your academic interests. You can conduct research with a supervisor in any academic unit of the University of Guyana, Turkeyen, or Berbice Campus and a co-supervisor based at UG or in other national or international institutions outside UG. Additionally, we allow exceptions for international, on-site research within institutions in the Guiana Shield Region and the Caribbean, giving you the flexibility to shape your academic journey.

ONLINE COURSES

Our online research courses, managed by UG's Department of Biology, Faculty of Natural Sciences, UGSGSR, and Registry, are designed to provide comprehensive support for your academic journey. We are committed to your success and offer a range of resources to ensure you get the most out of your online learning experience.

GRADUATE RESEARCH SEMINARS

Research Seminars and thematic expertise courses are delivered online, hybrid, or presented by the UGSGSR with the Thematic Expertise of the Academic Units (Faculties, Colleges, Schools).
