and Environment (GREEN) Institute

UGGI

The University of Guyana's Growth in a Resource-abundant Economy and Environment (GREEN) Institute invites you to the following webinar:

The Resource Curse and Democracy: Lessons for Guyana

BY SPEAKER:

Professor Michael Ross

(UCLA Department of Political Science)

[Michael L. Ross](#) is a Professor of Political Science at University of California Los Angeles and is affiliated with the UCLA Institute of the Environment and Sustainability. He has published widely on the political and economic problems of resource-rich countries, energy politics, civil war, democracy, and gender rights. Ross is the Executive Director and co-founder of the [Project on Resources, Governance, and Development](#); a Non-resident Fellow at the [Center for Global Development](#); a member of the SSRC Working Group on Climate Change; a member of the advisory boards of the Natural Resources Governance Institute, Clean Trade, and the [Payne Institute](#); and a member of the Political Instability Task Force, the Multi Stakeholder Group of the US Extractive Industries Transparency Initiative, and the UN Sustainable Development Solutions Network."
