

**Welcome to Academic Year 2020/2021 and thank you
UG Staff and Faculty for the effort and dedication you
have put in to get here.**

Dear University of Guyana Staff and Faculty,

It's not always the fastest runner who succeeds, but the one who can go the distance.
We know that for some it has not been an easy road to get here — but we did it.

Congratulations on beginning the new Academic Year 2020 – 2021!

It may not always be easy to continue, but with a will to succeed and a laser focus we
will succeed and get ahead of the steep learning and technology curve we are now
upon.

We thank you in advance for being not only technical and academic mentors to our
students but life guides and models upon which their success deeply depends.

The times ahead call for resilience. Reach out if you need help or have an idea and
remember we are ONE UG.

Let **Respect** and **Resilience**, **Efficiency**, **Sagacity**, **Intelligence**, **Love**, **Intrepidness**,
Evolution, **Negation of negativity**, **Conscious Caring**, and **Endurance**, define us.

Be Blessed to Succeed and to Steward Others to Success!
