

Welcome to Academic Year 2020/2021.

Dear University of Guyana Students,

It's not always the fastest runner who succeeds, but the one who can go the distance. We know that for some it has not been an easy road to get here - but you did it.

Congratulations on beginning the new Academic Year 2020-2021!

It may not always be easy to continue, but with a will to succeed and a laser focus you will succeed.

In life things will occur to shake you and bend you, but your mind-set and the choices you make will ensure that setbacks won't break you. The times ahead call for resilience. Reach out if you need help and remember:

Respect, Education, Selectivity, Intelligence, Love, Intrepidity, Energy, Negation of negativity, Conscious Caring Choices, and Endurance.

From:

Prof. Paloma Mohamed Martin, PhD, Vice Chancellor,
Xi, the Senior Management Team and Entire Staff of The
University of Guyana.
